EXPERIENCE

VISUAL / UI DESIGNER

Homesite Insurance
Boston, MA

As a visual/UI designer, I work with the UX designers on my team to flesh out wireframes using color and graphics to enhance the design. I have also worked as the lead designer on a platform at Homesite, solving design problems using A/B testing and user testing.

MEN'S DEPARTMENT LEAD

Fred Meyer
Salem, OR

As the men's lead, I was responsible for the men's clothing department at the South Salem Fred Meyer store. I put out men's clothing freight, assisted customers, answered the phone, and set the weekly ad.

FREELANCE DESIGN WORK

Littlebird Designs
Bellingham, WA

I worked on a freelance project for a small woodworking shop called Littlebird Designs. I worked with the client to create a logo to be used on the website, business card, and as a brand on wood furniture. I also worked on the website for the business.

FREELANCE DESIGN WORK

Mountain Willow Strategic Solutions
Boston, MA

For this freelance project, I worked with Mountain Willow Strategic Solutions, a professional coaching business. I worked with my client to create a website that clearly explains the services they provide, while also giving a place for potential clients to schedule services.

FREELANCE DESIGN WORK

Constellation Counseling
Bellingham, WA

For this project I worked with my client to create a simple and classic logo for their counseling business. They needed a versatile logo that could be used for business materials from appointment cards and letterheads to the website and social media.
